Using Kagan With Zoom

Kagan Korea offers open workshops on Kagan Cooperative Learning all throughout the Korean peninsula and south-east Asia region. These workshops are open to all teachers, administrators, and educators interested in receiving training in Kagan Cooperative Learning as well as other specialized cooperative learning courses. Attendees come from all over Korea and, occasionally, surrounding countries to attend the in-person training.

Total Student Engagement Through Zoom: Using The Zoom Platform With Kagan Structures

This 4-hour Live Online workshop is developed for educators who teach online. COVID-19 has turned teaching upside down. Educators have had to become creative in their teaching when students are not physically in the classroom anymore. This workshop focuses on how to adapt Kagan Structures and methods using the Zoom platform to create more engagement online. Experience what successful online learning looks like, what it feels like, and how to make it a reality for your students!

Additional Live-Online Adaptive Training

Classroom Adaptations for COVID-19: Enhancing Student Engagement and Safety

For those of you returning to campus full-time or part-time, this 3-hour Live Online workshop is for you. We have had numerous requests from educators on how to address the COVID-19 issue in a cooperative classroom. In this training, we focus on how to adapt Kagan Structures and methods to reap the benefits of Kagan while maintaining physical distance. Learn tips to keep students interacting as safely as possible.

Adapting Kagan for Distance Learning: Creating Full Student Engagement Online

This 4-hour Live Online workshop was developed at the request of educators who will have distance learning as part of their instructional mix. This workshop focuses on how to adapt Kagan Structures and methods to create more engagement online. Take the “distance” out of distance learning.

Cooperative Learning Live Online

This is Kagan’s world-famous training offered live online. Get a taste of Kagan with a one-day training or complete the full academy and deepen your skills with all 4-days of this program. The focus of the training is Kagan Structures—highly interactive team, class, and pair instructional strategies. Kagan Structures and methods are a research-based and classroom-proven approach to boosting student learning, increasing active engagement, preventing bullying, and improving student social skills and relations.

Kagan Support Session for Leaders: Addressing the COVID-19 and Race Relations Crises

For administrators and leaders, we have developed a special 1-hour support session addressing the COVID-19 crisis as well as the ongoing race relations crisis. This is a **FREE** Live Online workshop for all school leaders.

More Live Online Workshop Topics

Many favorite Kagan workshops are now available in the Live Online format, including: Win-Win Discipline, Transform Your High-Risk Classroom, and more! Ask if you don’t see what you are looking for!

Live-Online Training Courses

Online workshops are conducted live by a Kagan Master Trainer over Zoom. If you use another platform, such as Google Teams, that's OK. Zoom is the platform that we use to conduct our training. The Trainer can help you know and understand how to implement the training in your classroom once the training is complete. Many of the Kagan signature workshops are available online.
